SUMMARY

Frontend Developer with more than two years of professional experience building production web applications with React, Next.js, and TypeScript. Experienced in frontend feature development, state management, and REST API integration while collaborating with backend developers, UI/UX designers, and clients, with additional full-stack project experience.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Redux Toolkit, React Query, Tailwind CSS, shadcn/ui, Ant Design, Material UI

Backend (Familiar): Node.js, Express.js, REST APIs, MongoDB, Mongoose, PostgreSQL, Prisma

Tools: Git, GitHub, Postman, Figma, npm, pnpm, Vercel

EXPERIENCE

SparkTech Agency, Mohakhali, Dhaka

Oct 2025 – Aug 2026

Junior Full-Stack Developer

- Developed frontend features for client web applications, administrative interfaces, and dashboards using React, Next.js, TypeScript, Redux Toolkit, and Tailwind CSS.
- Translated Figma designs into responsive interfaces and reusable UI components using Tailwind CSS, Ant Design, and shadcn/ui.
- Implemented state management, routing, and interactive UI behavior while integrating frontend applications with REST APIs.
- Collaborated with backend developers, UI/UX designers, and clients to clarify requirements, share progress, incorporate feedback, and deliver completed features.

Bhuiyan Tourism, Remote

Apr 2024 – Sep 2025

Junior Frontend Developer

- Built and maintained customer-facing features for a production travel platform using Next.js, React, TypeScript, and Tailwind CSS, including flight search and booking-related interfaces.
- Managed frontend state and data flow with Redux while integrating REST APIs for dynamic flight search, booking, and related application workflows.
- Developed responsive, reusable interfaces for customer workflows, admin panels, and dashboards while coordinating API integration with backend developers.

PROJECTS

Tally, Job Application Tracking Platform

[Frontend](#) • [Backend](#) • [Live](#)

Next.js, TypeScript, Redux Toolkit, RTK Query, Express.js, PostgreSQL, Prisma, Docker, OpenAPI

- Initiated the product, defined its scope and workflows, and developed the Next.js App Router frontend with TypeScript, Redux Toolkit, and RTK Query for managing applications, interviews, follow-ups, notes, tags, and reminders.
- Integrated the frontend with a separate Express.js REST API using PostgreSQL and Prisma while reviewing, modifying, and debugging the AI-assisted backend and database implementation.

NexTrade, Stock Trading Platform (Team Project)

[Frontend](#) • [Backend](#) • [Live](#)

Next.js, Tailwind CSS, React Query, Node.js, Express.js, MongoDB, Firebase Auth

- Developed responsive, dark-mode interfaces for the trader dashboard, wallet, deposits and withdrawals, user profiles, transactions, and navigation using Next.js and Tailwind CSS.
- Implemented assigned Express.js and MongoDB functionality for wallet, deposit, withdrawal, user, and selected notification workflows, and integrated it with the frontend.

EDUCATION

B.A. (Honours) in English, Ideal College (affiliated with National University), Dhaka, Bangladesh

2023 – Present
